### **Organists' review (August 2001)**

(Full review of both CDs) *Highly recommended listening*

### **Church music quarterly (July 2001)**

The performance could hardly be bettered and the recording quality is superior to that of the Stanford/Wood disc. The Choir's enunciation is a model of clarity and their expressivity balances perfectly emotion and tasteful restraint. This disc is no mere 'worthy tribute'; it is a truly fine recording. *Essential Listening*
